

### Skin Treatment Extravaganza

Four 45 min. treatments!

\$380

Begin with gentle whole body sea-salt exfoliation using the hand-made, farm fresh Ola Hawaiian Bath and Body product. Then proceed into our 'Ganban Yoku' granite sauna in a Phytoceane Seaweed Wrap. After a cleansing shower, you are ready for 90 minutes of massage with facial; as the facial mask penetrates, the body butter massage continues. Enjoy both your new found radiant skin and glowing smile!

### Ocean Massage

45 min • \$100  
60 min • \$140

Enter a warm salt pool for a three dimensional swirling massage that will allow you to completely arrive in Hawaii. Feel yourself join the wind, water, and salt as your own flowing weightlessness is gently guided through a unique-to-you series of whole body stretch-motions while pressure point massage relieves muscle knots. It can be called Continuous Released Positioning, or more simply, you may call it a wonderfully amazing experience!

All stone emits far infra-red light when heated, and granite, being very dense, emits a lot. Far infra-red light increases your skin's production of collagen, and is overall very soothing. You lay down on a plush towel on the **102 F granite table**, your head is on a pillow, and your body is inside of a **personal dome**. A towel drops down below your chin containing the steam from the dome's steamer.

**A personal sauna made of granite**  
- The Tour

Inside the steamer, we place a selection of herbs that you choose from: peppermint, chamomile, lavender, orange peel, rose, and more. From the far infra-red light and steam in combination your sweat profusely, your skin is pouring out like a faucet, and essence of healing herbs are bathing your open pores. And, it is low heat, so your heart is relaxed.

Finally, you feel smooth, shiny, radiant, deeply relaxed, and ready for your massage.

This occurs in a **private golden limestone room** for individuals or couples.
